BIO WORLD®

BioWorld Today, the online newspaper of record for the biotechnology industry, is read every business morning by biotechnology professionals worldwide for its hard-hitting, objective news reporting.

The BioWorld Online website has been internationally recognized as the most comprehensive resource for strategic biotechnology news and information available today. It is found exclusively online at www.bioworld.com.

In addition to original daily news reporting, BioWorld offers an extensive searchable database with more than 19 years of biotechnology archives. The site is not only a great source for insightful, up-to-the-minute news coverage, but also a library of information on the developments of the industry as well. With a quick search, subscribers have instant access to a wealth of biotechnology market intelligence from every biotech hotspot around the globe.

BioWorld does not post press releases, but uses information that is researched and written by the top business and science reporters in the industry. With nearly 20 writers spread throughout eight countries, BioWorld covers news on public companies and hard-to-find information on private companies. Our seasoned reporters get the inside scoop on what's happening within the corporate walls, on regulatory issues in Washington and elsewhere, and on scientific breakthroughs worldwide. The news coverage of the biotechnology industry is 100 percent original and available only at BioWorld.
