 ABOUT BIOWORLD®

BioWorld Today, the newspaper of record for the biotechnology industry, is read by biotechnology professionals worldwide for its hard-hitting, objective news reporting. **BioWorld Today** is delivered by e-mail and fax every business morning, and is also found exclusively online at www.bioworld.com. The **BioWorld Online** website has been internationally recognized as the most comprehensive resource for strategic biotechnology news and information available today. In addition to original daily news reporting, **BioWorld** offers an extensive searchable database with more than 20 years of biotechnology archives. This site is not only a great source for insightful, up-to-the-minute news coverage, but a veritable library of information on the developments of the industry as well. With a quick search, **BioWorld** subscribers have instant access to a wealth of biotechnology market intelligence from every biotech hotspot around the globe. **BioWorld** does not post press releases, but rather uses information that is researched and written by the top business and science reporters in the industry. With writers spread throughout the globe,

BioWorld covers news on public companies and hard-to-find information on private companies. Our seasoned reporters get the inside scoop on what's happening within the corporate walls, on regulatory issues in Washington and elsewhere, and on scientific breakthroughs worldwide. This news coverage of the biotechnology industry is 100 percent original and available only at **BioWorld**.
